

# Sports Premium Spending

## 2015-16

From the Government, we received £8245.00 to spend on two key aspects of our sporting curriculum. They are:

- Developing and adding to the sporting activities offered.
- Making improvements now that will benefit our children now and those who follow.

Date	Payment for	Cost	Impact
20.5.15	Cybercoach	£100.00	Initially used in Y1/2 as an end of week session. Children engaged and encouraged to try different dances. Used to help staff deliver traditional ceilidh dance steps that were then performed at Christmas performance. Using the themes, Cybercoach will be planned into our Mini Adventures across the school – initially in EYFS and KS1
	Ms Stewart	£3,772.00	Ms Stewart continues to deliver outstanding quality teaching. Children are encouraged to express, collaborate and perform in front of others (including parents) Children in Year 3 have the opportunity to work with other schools on a theatre production.
	Pension	£584.00	
	National Insurance	£228.00	
8.7.15	PE Practice book	£35.99	Informative book that has supported teacher in the planning and delivery of a range of sports – especially those with which we are less familiar.
22.5.15 14.7.15	Tennis coaching sessions and contributions to after school club	£286.00	Children in Y3/4 received tennis coaching for the summer term. In addition, there were arrangements made for an after school club that was partly subsidised by the Sports Premium fund. This afterschool club was attended by one third of our school and was a great success.

10.7.15	Reward trophies	£20.00	Used to celebrate children's achievements following intra-sport competitions.
7.7.15	Nexus Croquet set	£30.00	To be used by Y1/2 in Spring 2 to promote sending skills. All children will learn this skill and it will be incorporated into our summer Sports Day.
29.1.16	Tri Golf Trip	£132.00	Competing against teams from 9 other schools, our children did a terrific job at representing Felton. The children showed terrific sporting attitudes, as well as the essential individual and team skills we would expect.
24.5.16	Skipping	£150 (cost of class) + 20 ropes at £5 (£100) + 2 Long ropes at £10 each	The immediate impact of this was terrific. The children, when initially asked, gave themselves an average skipping score of 3.6 out of 10. Following our class, this sharply rose to 8.2. As staff were part of the class, they have been up-skilled in helping the children practise on the yard. The skipping coaches will return in Autumn 2016/17 for a follow up class and with an invitation to a skipping festival.
	<b>Current Spend</b>	<b>£5,193.99</b>	
	<b>Balance remaining</b>	<b>£2,787.01</b>	

Next year's key proposals are:.

- Fund resources for our Olympic Sports Day (Intra school/Inter School)
- Arranging a program with an external body, in which we will be supported with coaching to up-skill staff, assisted in running

competitions and developing the healthiness and well-being of our children during after school clubs.
